

**Town of Nunn**  
**Work Session**  
January 4, 2020  
9:00 a.m.

A Study Session of the Town Board, Which is Open to the Public,  
Nunn Community Center Board Meeting Room.

**Work Session**

**1. Discussion and expectations for snow removal and equipment:**

Trustees recommendations- Make 2 swipes plowing instead of one to give more room when multiple vehicles are driving down the road. Also, try putting the plow lower to clean more snow off the road, especially at the intersections where there seems to be more unpacked snow build-up. Fix hydraulics for future use. Possible V-Plow for grader. Maybe snow fence in some areas.

**2. Discussion of Shipping Container rulings for the Town of Nunn:**

Trustees recommendations: No visible rust or lettering. Needs to be secure. Needs to comply with ordinance that will be put into place or they will be removed. Safebuilt will not inspect them if there is not electrical or heat involved. We will have Matt will look into drafting an updated ordinance to enact in the future.

**3. Discussion for trash utilization that is not household use:**

Trustees recommendations: Get locks for the current dumpers. Get rid of community dumpsters and have everyone get their own individual containers. Waste management will be contacted to see what the costs would be to switch over to individual containers.

**4. Final review for Weld IGA Agreement with Weld County for UPRR Tracks at WCR Roads 100 and 98:**

Still waiting on Attorney.

**Public Comments:**

Joyce Taylor: Want to Thank the Town for use of facilities. The Wreathes Across America was a success. The carriage ride was a success also.

Nancy Cooper: What is going to happen with the closure of County Road 100 at the tracks?

Mayor Tinsley: CDOT and Weld County will need to fix up County Road 98 before they are able to close down County Road 100. County Road 98 will be 6 lanes and will be paved.

**Motion by** Trustee Frederiksen and seconded by Pro Tem Vogel to Adjourn the Work Session on January 04, 2020 at 10:02 a.m.
